has successfully completed the online Specialization

Google Workspace with Gemini

This specialization introduces learners to Gemini for Google Workspace, an add-on that provides users with generative AI features in Google Workspace. Using a combination of presentations and hands-on activities, you learn about the key features of Gemini including how to: Write and refine a draft in Docs. Draft and refine emails in Gmail. Generate custom visuals in Slides. Create a project tracker in Sheets. Express yourself on calls in Meet. Summarize files, search for content, and synthesize information.
